

MD YOUSUF JAMIL

Front-end Developer

yousufjamil733@gmail.com

I'm Yousuf and I have completed my graduation with a BSc degree in Computer Science from American International University-Bangladesh (AIUB) in 2018. I'm interested in the Front-End web development role with my favorite technologies. I've been working as a front-end developer for a long period of time. I write code using HTML, CSS, JS, and Bootstrap for the majority of my projects. At Sunshine IT, I have over one year of experience in front-end website development and WordPress theme customization. Besides I have 1 year of experience as a Customer service executive at Digicon Technologies Ltd.

Therefore, my goal is to combine all the skills and work in a responsible position where I can use my potential, creativity, skills, and practical experience to contribute successfully to the organization by developing my career.
