## COVER LETTER

Respected Hiring Authority,

I'm MD Yousuf Jamil and I'm interested in the Front-End web development role with my favorite technologies. I've been working as a front-end developer for a long period of time. I develop website using HTML, CSS, JS, and Bootstrap for the majority of my projects.

Therefore, my goal is to combine all the skills and work in a responsible position where I can use my potential, creativity, skills, and practical experience to contribute successfully to the organization by developing my career.

*yousuf jamil*

Best Regards,
YOUSUF
